POSTAGE STAMPS OF A FORTY-CENT VALUE SHOULD BE PLACED ON THE BOTTOM OF THE ORDER WHEN IT IS SENT BY REGISTERED MAIL.

THE PLANET is issued weekly. The subscription price is \$1.00 a year in advance. There are four ways by which money can be sent by mail to our office:—in a Post Office Money Order; by Bank Check or Draft; or an Express Money Order; and when none of these can be procured, in a Registered Letter.

MONEY ORDERS.—You can buy a Money Order at your Post Office, payable at the Richmond Post Office, and we will be responsible for its safe arrival. Express Money Orders can be obtained at any office of the American Express Co., the United States Express Co., and the Wells, Fargo & Co.'s Express Company. We will be responsible for money sent by any of these companies. The Express Money Order is a safe and convenient way for forwarding money.

REGISTERED LETTER.—If a Money Order Post Office or an Express Office is not within your reach your Postmaster will register the letter and we will send you the money in ten days. If the letter is lost or stolen, it can be traced. You can send money in this manner at our risk.

RENEWALS, etc.—If you do not want the PLANET continued for another year after your subscription has run out, you then notify us by Postal Card to discontinue it. The card has been placed at subscribers to newspapers who do not order their paper discontinued at the expiration of time for which it has been paid. We are liable for the payment of the subscription up to date when they order the paper discontinued.

COMMUNICATION.—When writing to us to renew your subscription or to discontinue it, please give your name, address, and the address of a subscriber we must send the card to as well as the present address.

Entered in the Post Office at Richmond, Va., a second class matter.

SATURDAY, SEPT. 1, 1900

The situation in China has become more complicated. The newspaper reports are conflicting and the true conditions seemed to have been exaggerated.

The meeting of the National Afro-American Press Association at Indianapolis seems to have been a success. The reelection of President C. F. Adams of the Chicago, Ill., Appeal was proper. He is thoroughly qualified for the position which he now holds.

It seems that somebody is practicing American methods in Cuba and making discriminations against the black men of that unfortunate island, if we are to judge by the utterances of CUBANO LIBRE, the official organ of the black party.

The National Encampment of the Grand Army of the Republic at Chicago, Ill. this week seems to have been one of the finest in the history of the organization. The colored and white commingled and the cursed doctrine of caste was laid aside during the jubilation.

DID NOT ENDORSE IT.

The sessions of the National Afro-American Council at Indianapolis this week seem to have been conservative. In the face of conflicting political interests, it seems that all agreed that the race's welfare should be looked after first.

It is very significant that both the National Afro-American Press Association and the National Afro-American Council should have withheld their endorsement of the national administration. It will result in causing the entire country to believe that the colored voter in the doubtful states may be so split up or silent as to work materially to the benefit of Mr. Bryan. And yet, what other course could it pursue? Here we find Republicans of national fame either openly or surreptitiously encouraging the effort now being made to deprive us of our right of suffrage and to give us "Jim Crow" accommodations.

Others are advising us to support the Democratic party. We accordingly have reached that stage of political existence where party fealty seems to count for naught, and we are called upon to stop and think.

The situation is all the more complicated because the Democratic party is openly against us, and has led in all movements, which has had for its purpose our undoing.

trammelled to choose the lesser of the two apparent evils.

DEM CRATS OF Sampson Co., North Carolina have instituted damage suits against GROSS BUTLER and others because they published in the paper that the Democrats stole the election and had perpetrated all kinds of frauds.

This is the cheekiest action noted since the Wilmington butchery. We did not presume that a man in North Carolina would seriously deny that all kinds of frauds were perpetrated during the campaign and on election day in that state.

THE TIMES POSITION.

The Richmond, Va. Times is in favor of the repeal of the Fifteenth Amendment to the Constitution of the United States. It argues the suffrage question just as though it had absolute power in the matter and that its recommendations would be carried out in-to-to, if its views were adopted by the congress of this country.

It is opposed to this "Grand-father clause" because it alleges that it is unconstitutional. For our part, we are opposed to anybody who is in favor of denying to the citizen of color any legal right or privilege enjoyed by the white man.

Such a person is an enemy not only to us, but to our system of government as well. This is not a Republican Monarchy and was never intended to be.

The doctrine of classes seems to have become firmly rooted in some of our contemporaries and they would create a condition of servility by law.

The war settled some things and the right of the citizen of color to equal representation in this government is one of them.

We propose to agitate until we secure all of the rights to which we are entitled and no seeming submission on our part should be construed to mean that we have retreated from our position or yielded up one iota of the rights which are guaranteed to us in the Declaration of Independence and the Constitution of the United States, which are presumed to carry out their provisions.

King William, Va. Aug. 27.—The color line has not only been drawn on the Indians in the matter of riding on the railroads, but in the schools of this state as well. The Pamunkey Indians of King William county made an earnest appeal to the Southern railroad not to assign them to the "Jim Crow" cars with the negroes, as was done under the first operation of the new law. The railroad decided that the Indians might ride with the white people. In the matter of permitting the children of these people to enter the public schools set apart for the whites the line has been drawn in this county. One of the schools near the Indian reservation which was intended to be for the whites has had to be discontinued because of the attendance of five or six little children of the red man. The whites would not consent to recognize them as social equals, and when the test was made refused to continue their children at school. The consequence was that the attendance of scholars fell below the basis fixed by law, and the school had to be abandoned. There are, it is said, classes among the Indians on the little King William reservation. Some of the Indian maidens have married white men. The parents object to the children attending the school set apart for the Indians. They will not, without protest, permit their offspring to mix at the schools with the children of some of the women of the tribe who have possibly intermarried with mulattoes.

MINERS WILL STRIKE

Unless Their Demands Are Accorded to by Employers.

THEY DEMAND HIGHER WAGES.

Together With the Abolition of Company stores, Compliance With Semi-Monthly Pay Law and Other Concessions—Bituminous Miners to Aid.

Hazleton, Pa., Aug. 29.—If the anthracite operators refuse to grant the demands of the United Mine Workers, as embodied in the reports of the senate and the resolution committees as presented and adopted at yesterday's convention, by Sept. 8 a strike involving 140,000 miners, of whom 40,000 are members of the mine workers' organization, will be declared. The convention yesterday applied to the national executive board, with headquarters at Indianapolis, to order a strike if no satisfactory amicable agreement regarding wages, the powder question and other grievances is reached.

President Mitchell said today that the application would undoubtedly be favorably acted upon by the board, which meets at Indianapolis Sept. 6, if existing conditions of anthracite miners complain are not remedied in the time allowed by the convention.

The report of the senate committee demands the abolition of the company store system, the reduction in the price of powder to \$1.50 per keg, the abolition of the company dictation as to who shall be employed, abolition of the sliding scale now in practice in the Lehigh and Schuylkill regions, compliance with the semi-monthly pay law, and that all employees be paid in cash; abolition of the erroneous system of having 3,500 pounds to the ton, and that 2,240 pounds constitute a ton; that an advance of 20 per cent be paid all classes of men now receiving less than \$1.50 per day, that all classes of day labor now receiving \$1.50, and not exceeding \$1.75, shall receive 15 per cent over present wages, that all day labor now receiving more than \$1.75 be advanced 10 per cent; that no miner shall have an income more than one bread, gang or other class of work, and shall only get his legal share of cars.

Following are the separate scales adopted for the respective districts for inside work:

District No. 1, comprising Upper Luzerne and Lackawanna: That 72½ cents be paid per ton of 2,240 pounds, according to the thickness of the vein. We are willing to allow for dockage and rock slate or bone in the coal, but we insist on having a check weighman at the head of the breaker, who, with the company's weighman, shall agree upon the amount of dockage.

District No. 2, comprising Hazleton and Upper Schuylkill region: We demand that in veins of ten feet in thickness or over, 55 cents be paid per ton; under ten feet and over seven, 60 cents; under seven feet, 71½ cents; and that the highest rate be paid in all places where 15 cars of coal cannot be mined with one keg of powder.

District No. 3, comprising Shamokin and part of Schuylkill region: We demand an average increase of 8½ per cent on contract work and an average price of 59 cents per ton, the minimum price of which shall be 35 and the maximum 66 cents.

At present by the wagon and not by the ton, the adoption of which system is asked for.

Resolutions in accordance with the above were enthusiastically adopted. Power is given the district executive committee to appoint any committees outside of non-union employees, merchants, professional men or miners may be asked to confer with the operators, so that every means shall be exhausted before any strike is declared.

TO AID ANTHRACITE MINERS.

Men of the Bituminous Fields Will Go Out If Necessary.

Chicago, Aug. 29.—That a strike of the anthracite miners may have a disastrous effect on the output of coal sent out from the bituminous fields is indicated in advice that comes from an official source, and which are to the effect that the state representatives of the United Mine Workers' union have been in conference with the national officers and that a decision has been reached to strike in every bituminous field where the operators make an effort to send out anthracite fields in case of trouble. If the anthracite miners go out it will be the first organized strike on their part, and the United Mine Workers' union is prepared to exhaust its treasury in support of the men. Several hundred thousand dollars will be available at once, and the national executive board has power to levy a weekly assessment on every member who may be at work. The first support would come from the national headquarters, and when that is exhausted the executive board may call upon the state unions. Illinois alone has nearly \$200,000 in the treasury.
